T.H.R. CHATHURI NIROSHA

Software Engineer Undergraduate

+94 74 163 3304 | chathurinirosha112233@gmail.com | LinkedIn : chathuri-nirosha | GitHub: chathuri-nirosha | Portfolio: chathurinirosha.dev

PROFESSIONAL SUMMARY

Software Engineering undergraduate with hands-on industry experience designing and developing responsive, user-centered web interfaces. Experienced in creating wireframes and UI designs in Figma and translating them into functional interfaces using React, Next.js, TypeScript, and Tailwind CSS. Skilled in responsive design, interactive animations, reusable components, API integration, and iterative UI improvements based on design feedback. Passionate about bridging the gap between design and frontend development to create intuitive and engaging digital experiences.

CORE SKILLS

UI/UX Design: Figma, Wireframing, UI Design, Prototyping, User Flows, Visual Hierarchy, Responsive Design, UX Principles, Accessibility Basics

Frontend Development: React.js, Next.js, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS

Interaction & Animation: GSAP, Framer Motion, Micro-interactions, Scroll-based Animations

Design & Development: Design-to-Code Implementation, Reusable Components, Mobile-first Design, Cross-browser Responsive Design

API & Data: REST APIs, Redux Toolkit, RTK Query, SWR

Tools: Git, GitHub, VS Code, Vercel

PROFESSIONAL EXPERIENCE

Frontend Developer Intern — Softlien (Pvt) Ltd **February 2026 – August 2026 (6 months)**
Remote

- Designed wireframes and UI layouts in Figma for multiple web platforms before translating approved designs into functional frontend interfaces.
- Developed responsive and user-centered interfaces using Next.js, React, TypeScript, and Tailwind CSS across six plus client and product projects spanning **ERP**, digital dining, travel, salon, and corporate platforms.
- Created interactive experiences and micro-interactions using GSAP and Framer Motion, including scroll-based animations and responsive animation behaviors.
- Integrated REST APIs and implemented frontend features including authentication, user profiles, posts, comments, likes, and other interactive functionality.
- Identified and resolved UI, responsiveness, linting, and build issues while safely extending existing production-oriented codebases.

PROJECTS

MoodMate — Empathetic Virtual Companion for Real-Time Emotional Support **Sep 2024 – Dec 2025**
Group Project | React.js, Figma, CSS

- Designed and implemented user-friendly interfaces for an interactive emotional support platform.
- Created wireframes and UI layouts to ensure intuitive navigation and emotional engagement.
- Integrated frontend components with backend services for real-time interaction.

Delicious Bites — Frontend Web App **January 2026**

Solo Project | Next.js (App Router), React, TypeScript, Tailwind CSS, SWR, Framer Motion, JSON Server, Lucide Icons

- Built a responsive restaurant menu using Next.js and React.
- Implemented real-time search and category filtering.
- Integrated REST APIs with SWR for optimized data fetching.
- Used Tailwind CSS and Framer Motion for UI and animations.

Sri Lankan Cricket Squad Selection System

Group Project | Next.js, Python, Scikit-learn, RandomForest, Flask

- Developed a responsive Next.js frontend with data visualizations for player comparison and analytics.
- Translated wireframes into functional UI components and dashboards.
- Integrated REST APIs for live prediction and data rendering.

EventQ — Event Booking & Management Dashboard

Solo Project | UI/UX Design

- Designed a user-centered web dashboard for event booking, attendee management, and performance tracking.
- Created end-to-end user flows, low-fidelity wireframes, and high-fidelity UI designs.
- Designed key pages including Overview, Browse Events, Event Details, and Attendee Insights.
- Applied glassmorphism UI and subtle motion design to create a premium, engaging user experience.

EDUCATION

BSc (Hons) in Software Engineering **2022 – Present**

Sri Lanka Technological Campus (SLTC) | CGPA: 3.20

G.C.E. Advanced Level Examination **2020**

Gothami Balika Vidyalaya, Colombo 10

CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 — Certified Developer Professional
- Oracle Cloud Infrastructure 2025 — Generative AI Professional
- Oracle Cloud Infrastructure 2025 — AI Foundations Associate
- Machine Learning & Deep Learning — Kaggle
- UI/UX for Beginners — Great Learning
